Control of progress

Full-time students are expected to deliver the following minimum requirements in the Master course of study:

- At least 9 credits after 1 semester
- At least 30 credits after 2 semesters
- At least 60 credits after 4 semesters
- At least 90 credits after 6 semesters

In case a student does not meet the minimum requirements for the second time, they shall lose the right to participate in examinations. Students shall be given the opportunity to make a written statement before the examination board makes the final decision in the matter.

Examination registration I

Please notice:

For all examinations you have to register in HISPOS one week before the exam at the latest (final exam and/or re-exam)! A delayed registration is not allowed !!

A withdrawal is possible one week before the respective exam at the latest; later only with medical certificate!

Only for core lectures:

You can improve a grade in a core course if you pass the final exam and take part in the re-exam in the same exam period. The better grade counts.

Examination registration II

For some courses e.g. seminars you have also to register before the course starts (limited number of participants). Please have a look at the respective website because of the conditions for registration.

Seminar registration: <https://seminars.cs.uni-saarland.de/>

A withdrawal from a seminar registration is only possible three weeks after getting the topic for presentation.

Problems? Please contact the study coordination!

Section 18

Deception and plagiarism

(1) If a candidate attempts to register for an assessment or examination by deception, the Examination Board may decide to nullify the results of previous assessments or examinations and may stop the examination process.

(2) If a candidate attempts to influence the result of an assessment or examination by deception or by the use of unauthorized aids, the candidate shall receive a fail grade for that assessment or examination. Examiners shall report cases of plagiarism to the Examination Board. If plagiarism has been demonstrated, the relevant module element shall be repeated. The Examination Board shall notify the student in writing of its decision. A fail grade shall also
